

# WELCOME!

I'm so glad you're here!

Hi there! My name is Aly, but my favorite people call me Mrs. Franklin! I am a middle school resource room teacher in Michigan. I spend my time teaching special education math intervention classes, cotaught math intervention classes, and coteaching 6<sup>th</sup>, 7<sup>th</sup>, and 8<sup>th</sup> grade math classes!

My goal with creating Middle School in the Mitten was to share engaging and time saving resources and ideas with busy, world changing teachers like you! All of the activities that are found in my Teachers Pay Teachers store were created for and used with my own students. In fact, I began my TPT journey in 2017, when I shared my first few sets of digital task cards that I was creating for my caseload students!

Thank you for your download and support! I created this Google Forms survey to gather information about my students. I turn their answers into a Kahoot or Blooket game to play with my class – we always have a blast and learn so much about each other!

If you have any questions, please feel free to send me an email at [middleschoolinthemitten@gmail.com](mailto:middleschoolinthemitten@gmail.com), and I will try my best to help!

- Aly

# OTHER RESOURCES YOU'LL LOVE!

There are so many engaging activities for getting to know your students! Click on the pictures below to check out more of my students' favorites!

# DIGITAL STUDENT QUESTIONNAIRE

## How I use it in my classroom!

I created this student questionnaire for my own students, and I'm so excited to share it with you! Here's how I use it in my classroom:

- Each year, I give the survey to each of my classes. I tell them that they don't have to answer every question, but aim for at least 5 so I have something to work with.
- Then, I create questions on a Blooket or Kahoot game, like "Which student likes pepperoni on their pizza?" or "What is Megan's favorite animal?". I try to make sure each student has at least one or two questions about them in the game.
- Lastly, we play! It's perfect to pull up when we have extra time in the class period, as a reward, or before a school break when energy is high! It's also one of my favorite end of the year activities!

### Other Uses:

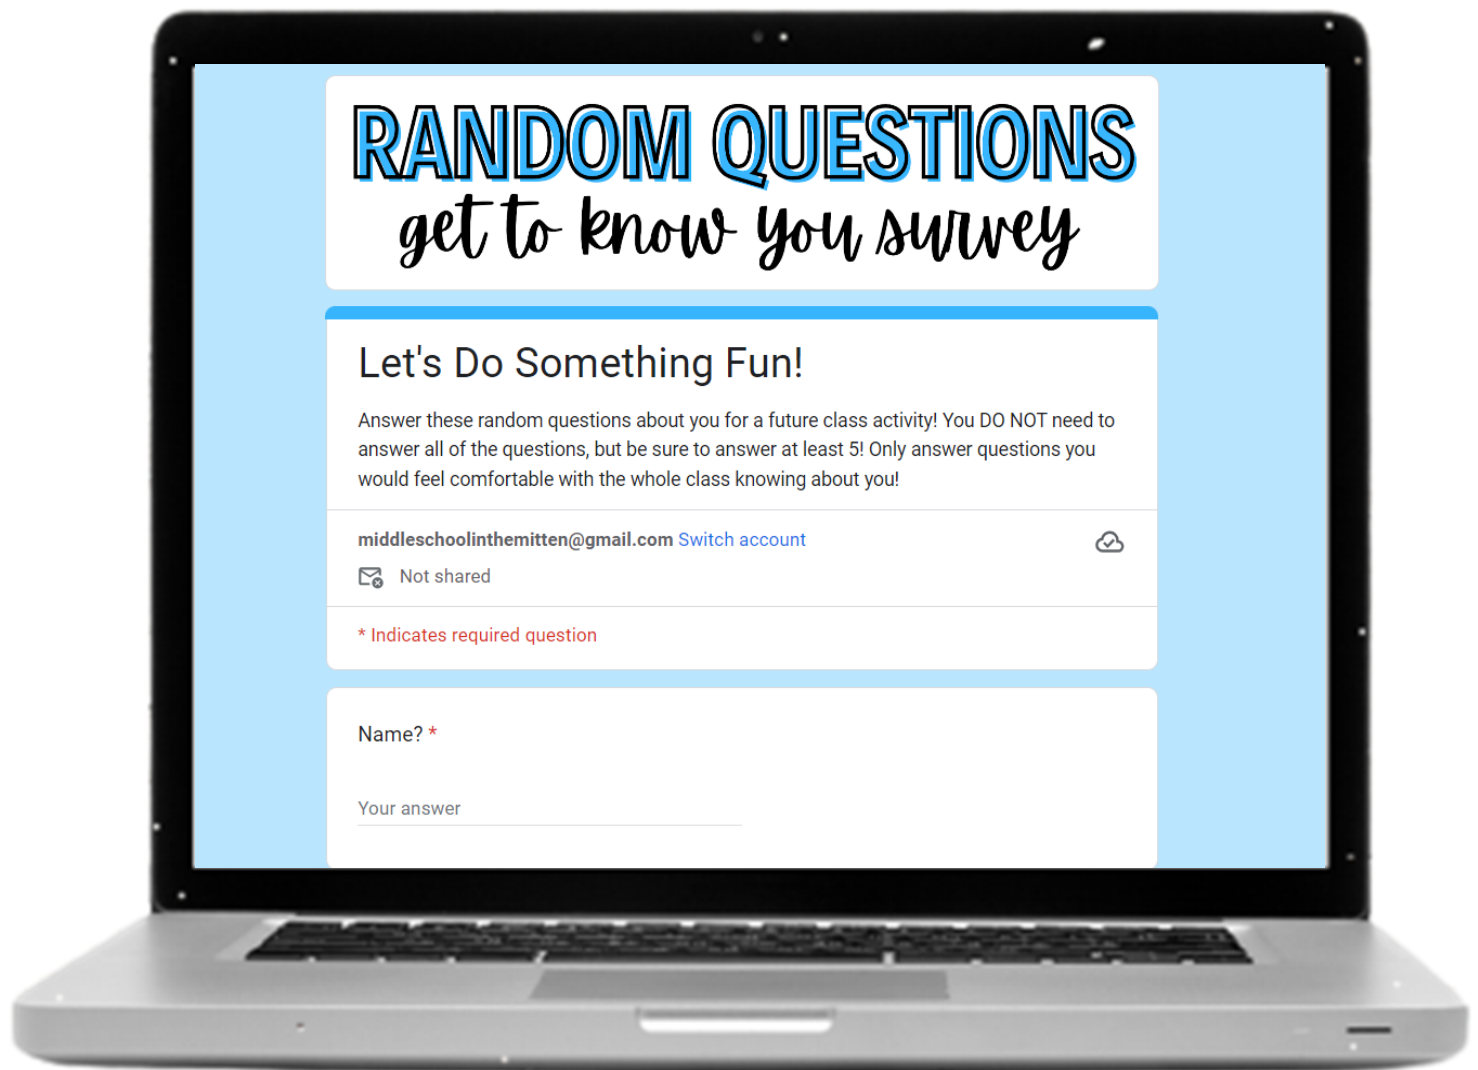

- Create a game based around one student as a fun twist on star of the week!
- Include questions on teachers, instructional aides, student teachers, or other adults in the school to help students get to know the important staff members at school!
