WELCOME!
I'm so glad you're here!

Hi there! My name is Aly, but my favorite people call me Mrs. Franklin! I am a middle school resource room teacher in Michigan. I spend my time teaching special education math intervention classes, cotaught math intervention classes, and coteaching 6th, 7th, and 8th grade math classes!
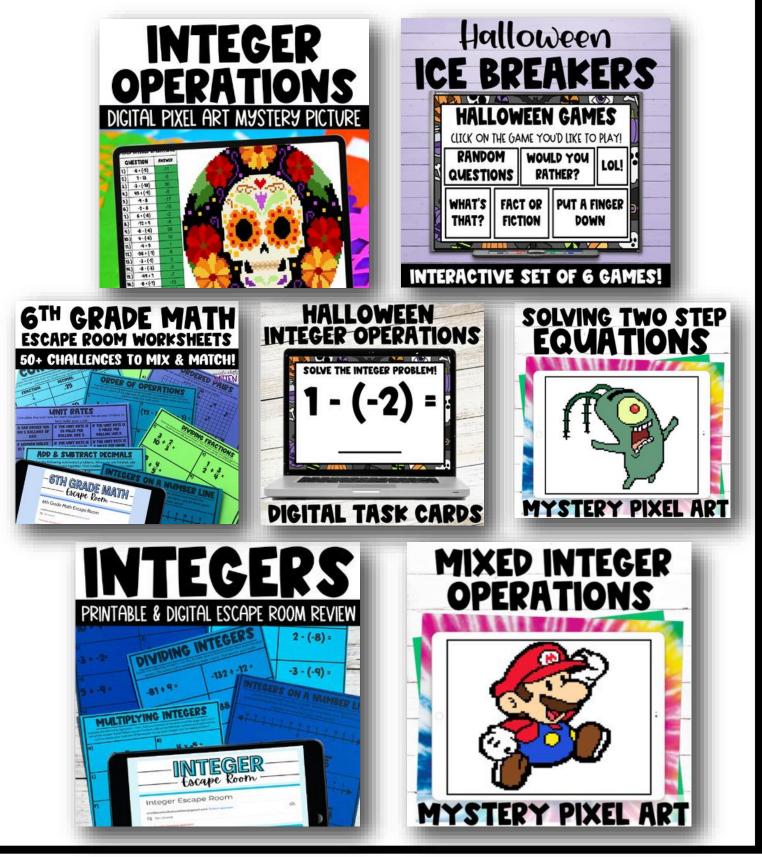

My goal with creating Middle School in the Mitten was to share engaging and time saving resources and ideas with busy, world changing teachers like you! All of the activities that are found in my Teachers Pay Teachers store were created for and used with my own students. In fact, I began my TPT journey in 2017, when I shared my first few sets of digital task cards that I was creating for my caseload students!

Thank you for your download! I created this integer practice page for my own students to use to review and practice! It's festive, and just corny enough to keep my students entertained! I hope your students love it, too – even if they pretend they don't!

If you have any questions, please feel free to send me an email at middleschoolinthemitten@gmail.com, and I will try my best to help!

-Aly

HALLOWEEN INTEGER REVIEW JOKE PAGE
what's included

Thanks so much for your download! I'm confident that you'll use this integer practice page year after year! It's an effortless and easy way to get in the Halloween spirit while still focusing on math concepts!

I created this joke page to serve as independent practice for my integer unit in my intervention classes, but it has many uses as homework, test prep, group work, etc.

To complete the activity, students solve each integer problem. They record the corresponding letter of the problem with the problem's answer at the bottom of the page to decode the joke's answer! This joke is almost guaranteed to get at least 3 groans from your middle or high school students!

Included in this resource:
- Mixed Integer Operations Joke Page
- Mixed Integer Operations Joke Page Answer Key
- Suggestions for additional resources that will compliment these activities and engage your students.
- Terms of Use for Middle School in the Mitten Resources

Suggestions for Use:
- Use as a festive review around Halloween!
- Use as easy-peasy sub plans!
- Use as part of your integer or prealgebra unit!

LOVE THIS FREEBIE?

I'm so glad!

Leave a Review! – I love hearing about how my products have helped you or your students. Please take a moment to head back to the Freebie Library and leave a comment on this resource!

Follow Me! – If this freebie was your jam, click here to follow my TPT store! I have hundreds of products that will be useful and engaging in your classroom! My goal with creating Middle School in the Mitten was to share engaging and time saving resources and ideas with busy, world changing teachers like you!

Tag me on Instagram! – I love seeing my products in classrooms around the world! After using this activity in your classroom, snap a photo and tag @middleschoolinthemitten! I can't wait to see!

Lastly, check out my website for more teacher time savers, tips, and resources!

HALLOWEEN INTEGERS

Solve the following integer problems. After you have found your answers, put the variable from with each problem above the lines below that have that answer. After you fill in each line, you will reveal your answer!

WHY DO WITCHES ALWAYS WEAR NAME TAGS?

O) $-2 - 8$	X) $-4 + -7$	I) $8(-8)$	U) $1 - 9$	Y) $\dfrac{-60}{5}$
T) $9 + -7$	S) $-4 \cdot 0 \cdot 2$	E) $\dfrac{-32}{-4}$	D) $-10 \div (-2)$	W) $12 - (-7)$
N) $6 + -15$	M) $(-2)^2$	H) $-11 - (-12)$	C) $(-7)(-9)$	P) $-8 + -9$

$$\overline{}_0 \; \overline{}_{-10} \quad \overline{}_2 \; \overline{}_1 \; \overline{}_{63} \; \overline{}_{-12} \quad \overline{}_5 \; \overline{}_{-10} \; \overline{}_{-9} \quad \overline{}_2 \quad \overline{}_4 \; \overline{}_{-64} \; \overline{}_{-11} \quad \overline{}_{-8} \; \overline{}_{-17}$$

'

$$\overline{}_{19} \; \overline{}_1 \; \overline{}_{-64} \; \overline{}_{63} \; \overline{}_1 \quad \overline{}_{19} \; \overline{}_{-64} \; \overline{}_2 \; \overline{}_{63} \; \overline{}_1 \quad \overline{}_{-64} \; \overline{}_0 \quad \overline{}_{19} \; \overline{}_1 \; \overline{}_{-64} \; \overline{}_{63} \; \overline{}_1 \; !$$
